- Trial Team Attorney- Primary responsibility included trial and preparation of major felony cases and related misdemeanors. However, this position required support on every type of criminal matter from motor vehicle summary offenses to murder. Trial attorneys alternated on-call status for approval of arrest and search warrants, as well as legal support for forensic teams on murders or volatile and violent crimes in progress. We maintained primary responsibility for Post-Trial Motions on our trial cases. We were required to work on matters in Juvenile Court, as necessary. In addition to responding to the needs of the Court, we coordinated with the Bail Agency, Probation Department, Clerk of Courts, Prison, Victim Rights groups, and a wide variety of the Law Enforcement community.
